
4EU+ Mini Grants

Every year there's an open call for submitting grant proposals within the cooperation frame between universities from **4EU + Alliance**. Provided financial support can be used for research projects, including research support, travel expenses, organization of a conference/workshop or a project team members meeting, support of doctoral students and post-docs exchange, short-term internships in research teams, creating materials supporting virtual mobility or as a financial support for people working on preparing the project.

When submitting a project proposal from FHS CU, there needed to be at least two more (out of five possible) European partners from the EU+ Alliance involved.

Supported activities has to be in order according to the s [Mission Statement Aliance 4EU+](#) and the topic has to be appropriate according to the four areas – **Flagships** of the **4EU+ Alliance**.

The applications are usually submitted in February of each year and the financial supported has to be spent before the end of the year.
